THE CHAIR:

Senator Buckley.

SENATOR BUCKLEY:

I move acceptance of the Joint Committee's Favorable Report and passage of the Bill.

THE CHAIR:

Will you remark.

SENATOR BUCKLEY:

Mr. President, the Bill would give the Public Utilities Commission three months instead of the Conn. statutory period of one month to make reports of fatal accidents. It's in line with Federal requirements and corresponds to the procedures of the Federal Government.

THE CHAIR:

Further remarks? Questions on passage of the Bill. Those in favor indicate by saying aye. Opposed, nay. Ayes have it. The Bill is passed.

the payment of fees by the State under the Uniform Commercial Code.

THE CHAIR:

Senator Strada.

SENATOR STRADA:

Mr. President, I move for acceptance of the Joint Committee's Favorable Report and passage of the Bill.

THE CHAIR:

Will you remark?

SENATOR STRADA:

Mr. President, this Bill merely states that the Attorney General or the Assistant Attorney General of the State, need not pay a fee to the Secretary of State, when obtaining a certificate showing that there is a financial statement on file. The Bill eliminates one State agency charging another State agency for certain information in its possession.

THE CHAIR:

Questions on passage of the Bill. Those in favor, indicate by saying aye. Opposed, nay. Ayes have it, Bill is passed.

THE CLERK:

because they're going to turn you down as lacking jurisdiction because it is already an illegally accomplished subdivision." The only real remedy is for all of the property owners to cooperate and to enter into a deed to a trustee unifying title under one ownership and then applying for subdivision as one owner, and then after approval to convey the land back to the individual parties. It is a very cumbersome procedure and I think...I am in favor of bill #1289 because it does provide for some control by the local planning and zoning commission. It's just not a blanket approval of all illegal subdivisions. It would keep developers from illegally subdividing and then coming in and getting an approval every two years when the Legislature acts on its general validating act. Thank you very much.

Senator Strada: Thank you. James Conklin?

Mr. James Conklin: I'm a member of the Southbury Volunteer Ambulance Association, and I would like to speak in opposition to bill #475, and particularly that portion of it that would subject volunteer ambulance associations to the provisions of this charter or this chapter. I don't imagine that those of you who represent large towns have this kind of problem at all, but in the rural parts of the state these volunteer ambulance associations do a great service and they can make the difference in crucial minutes on the scene literally. They provide this service at, I think, a high degree of efficiency, I know our ambulance association, everyone who drives the ambulance or serves on the ambulance is in fact Red Cross certified, and we have insurance coverage on the ambulance, but if we were subjected to the kinds of regulation and the constant regulation that we would have, if we were subject to this, these kinds of provisions, it would just impose that much more hardship or that much more administrative burden on the association, and we would like to register our opposition. Thank you.

Mr. Harry Hammer: I'm Deputy Secretary of the State, and I would like to speak very briefly on a number of technical changes that have been suggested by the head of our Uniform Commercial Code and Trademark Division, Miss Betty Lindenberg, who is present here. First of all, S.B. 870, this makes a change, it exempts state agencies and duly authorized officers of the state from the necessity of paying fees for copies, of securing instruments, or for termination certificates. Now in the act eliminating the necessity of one state agency paying....when the original act was enacted eliminating the necessity of one state agency paying filing fees to another in 1969, there was no provision made for eliminating the fee for request for information or for terminations, and we feel this is a necessary change. S.B. 878, as you know our office is now responsible for the recording of vessel liens. The
