MR. IWANICKI: (79th)

Yes, Mr. Speaker. This bill is a technical one. It is requested by the Department of Agriculture. It is the one where the vets take and administer tuberculin tests to cattle and we request passage of this bill.

of Joint Standing Committee on the Environment on Substitute House Bill No. 5271 An Act Concerning The Common Name For Standard Quality Milk.

THE CHAIR:

Senator Pac.

SENATOR PAC:

I move acceptance of the Joint Committees Favorable Report and passage of the bill in concurrence with the House.

THE CHAIR:

Will you remark?

SENATOR PAC:

This bill merely drops the word approve from the standard quality milk and the Class B. milk. It does not change the substance. We will still have three grades of milk. Just plain milk. Grade A milk. And Certified milk. I urge passage of this bill.

THE CHAIR:

The question is on passage of the bill. Will you remark further? If not all those in favor of the passage of the bill, signify their intents by saying aye. AYE. Opposed nay. The ayes have it the bill is carried.

THE CLERK:

Calendar No. 20, File No. 3. Favorable Report of the Joint Standing Committee on the Environment on Substitute House Bill No. 5766 An Act Concerning Tuberculin Tests of Neat Cattle.

THE CHAIR:

Senator Pac.

SENATOR PAC :

I move acceptance of the Joint Committees Favorable Report and

passage of the bill in concurrence with the House.

THE CHAIR:

Will you remark?

SENATOR PAC:

This bill will permit veterinarians employed by the Department of Agriculture to administer the tuberculin test to cattle. Currently these veterinarians are not licensed. They are graduate veterinarians and the simple fact is that the license veterinarians are not available. They have more lucrative private practices. Here again this is not a great bill. Its not a bad bill. But it is a necessary bill. I urge its passage.

THE CHAIR:

The question is on passage of the bill. Will you remark? If not all those in favor signify by saying aye. AYE. Opposed nay. The ayes have it the bill is passed.

THE CLERK:

Calendar No. 21, File No. 4. Joint Standing Committee on the Environment on Substitute House Bill 5767 An Act Concerning Tests for Brucellosis.

THE CHAIR:

Senator Pac.

SENATOR PAC:

Mr. President, I move acceptance of the Joint Committees Favorable Report and passage of the Bill with concurrence with the House.
