THE SPEAKER:

The amendment has already been adopted. Will you remark further on the bill as amended?

MR. MAIOCCO (133rd):

Mr. Speaker, just briefly, It was felt that the offices of the town clerk and the registrars of voters were so involved in the election procedures and election laws of our state that the Secretary of State's office who works very closely with these two organizations or these two groups of people felt that it would be much more beneficial to everyone concerned with the election procedures to allow four year terms for both registrars and for town clerks. However, it was felt that it should be left up to local option to permit four year elections and so this is the way it was determined to be done. I would urge the support and passage of this bill, as amended.

THE SPEAKER:

Will you remark further on the bill as amended?

MR. EDWARDS (155th):

Mr. Speaker, I merely want to add my support for the bill. I think it's an excellent step and has long been needed.

THE SPEAKER:

Will you remark further on the bill as amended? If not, the question is on acceptance of the Joint Committee's favorable report and passage of the bill as amended by Senate "A" and in concurrence. All those in favor will indicate by saying aye. Opposed? The bill is PASSED.

Mr. President, I move acceptance of the Joint Committee's favorable report and passage of the bill. The Clerk has an amendment.

THE CLERK:

Senate Amendment Schedule "A" offered by Senator Mondani: In line 35, insert the following language after the word "shall": "be advised of the receipt of any such gift of money and where practicable shall:.

SENATOR MONDANI:

Mr. President, this amendment corrects a problem that could occur particularly in the programs where scholarships are given to a young person and they are deposited in the university and the university will later draw upon this and so on. In cases such as that, the auditors are advised of the receipt of the gift of money and then if it is practicable, it will be in the hands of the comptroller. If not, they still must report the receipt to him. This amendment is necessary to make this act workable. I urge adoption.

THE CHAIR:

Will you remark further? If not, all in favor signify by saying Aye. Opposed, Nay? The amendment is adopted and ruled technical. You may proceed with the bill.

EDUCATION COMMITTEE

TUESDAY

FEBRUARY 23, 1971

Mr. Boyd: right now in my files in the office I have 47 vacancies submitted to me from the participating institutions. So I want to go any deeper into my programs, but please give full and serious consideration to the legislation regarding bill HB5922 and HB5966. And any time that I can be of service to you please don't hesitate to call on me. Thank you very much.

Rep. Klebanoff: Thank you very much. Howard Zettler.

Mr. Zettler: Mr. Chairman, members of the committee, my name is Howard Zettler. I am at Central Connecticut State College. I'm here today in two capacities. First as the retiring president of the Central chapter of the American Association of University Professors to speak first against HB5306, concerning tuition, with the comment that has been earlier made by Dr. Morton Tenzer that the bill runs counter to the state's invest in its own future. Secondly, I should like to speak very briefly in favor of SB625 and read a portion of a statement to be contributed in full from the chapter at Central Connecticut. We feel that the continuation of the present arrangement for parking garage at Central amounts to a payment of fees that is actually a reduction in salary to employees of Central. A kind of a double taxation in that we have also paid through our taxes from the garage in part. It also amounts to an increase of fees for students and many of whom are carrying loads which are already too great for them. We feel that parking fees at Central are discriminatory because in many other states institutions, state employees are parking on state land without being required to pay for these and we feel that the establishment of a fee arrangement for parking at Central will soon become precedent which will be followed at all state institutions. I'd like to speak in the second capacity as representative of the Connecticut Conference for AAUP with three areas of comment. First we as a state organization are very much interested in HB6689 and HB6690 both which have been established as statement of purpose bills regarding salaries and the organization of higher education, in this state. We should like to make the committee aware of the fact that AAUP's expertise is available to them if they wish to call upon us for assistance. I should like also to read the numbers of the bills which AAUP feels should not be passed with the proviso that full statement on these would appear in a few days to

EDUCATION COMMITTEE

TUESDAY

Mr. Zettler:

the committee. I simply number several of them and comment on only four. SB656, SB1117, SB1119, HB5535, HB5598, HB5646, HB5692, HB5960, HB6178, HB6351, HB6819, HB6822, HB6928, HB7310 and HB7464. The brief comments which I wish to make apply to four of the bills; SB1117, which AAUP feels can be supported but makes the reservation that to prevent misuse of the power delegated as the bill has written, we feel that some addition should be made to the bill. SB1119, AUP supports on a state basis with the suggestion that in the development of procedures concerning campus unrest, that faculty, administration and students be involved in this development of guidelines. Not solely the Board of Trustees. The other two bills that AUP should like to comment on apply to HB5535 and HB 5692, these very briefly at the moment. We feel that there should be larger appropriations for college scholarships because we feel that the establishment of scholarships for those who cannot afford to otherwise go to college, act as a first step towards a state program grant making an investment in its own future. HB5692 we feel that excuse me, not HB5692, no excuse me, I guess I've finished. Thank you very much for the opportunity to make the statement.

Rep. Klebanoff:

Thank you. Russell Wise.

Mr. Wise:

My name is Russ Wise, I'm president of the Student Senate at CCSC and I'm here today in an official capacity as spokesman for the Senate and the Student body to register our strong opposition to any increases in tuition over the present rate. I believe Miss Fox has already reiterated our, or given the reasons as to the number of commuter students, some 75% and the fact that there are many of these students work. It must be remembered that both married and single students must meet rent payments for apartments, utility and grocery bills while other students who commute from their parents homes usually pay board or contribute their own expenses. Students attempt to meet this burden by summer and Christmas vacation full time jobs, by part time and full time jobs during the school year by the GI bill, scholarships, loans and grants. I myself are a good example of this, I'm married, a Viet Nam veteran residing in East Hartford, I'm receiving the GI bill, I work as a truck driver 55 hours a week during the summer and vacations and 25 hours during the academic year. I'm lucky, I
