removal of these abandoned and inoperable or unregistered motor vehicles. I would assume that most communities have some legislation whether in your zoning regulation or by ordinance, that does say what is an illegally parked vehicle. This does not intend to go beyond your local regulations in that respect. It only intends to help the local communities through its legislative body once it has determined which of these vehicles are abandoned and left in places they should not be, to get rid of them. This is all the bill intends to do.

MR. SPEAKER:

Will you remark further. If not, the question is on acceptance of the joint committee's favorable report and passage of the bill as amended by House Amendment Schedule A. All those in favor will indicate by saying Aye. Opposed. The bill is passed.

The regional school law has been developed more intensively through the last several years. As a result, some points gray areas have developed in our operation of these districts and this bill tends to clear up many of the technical problems involved in expanding, changing, in voting in the regional district. There are no substitute changes in the bill. They generally clarify such items as in voting for regional school district. We found that under our old statute, a person who owns property in 2 or 3 of the towns involved in forming the region could vote 2 or 3 times. This bill clearly states that he can vote once in keeping with the principal of one man and one vote. It also makes Section 2, allows in a large district if they want to change their concept from the high school district to a K through 12, they can make exceptions for one town that does not concur who might want to remain out of the district. This is a technical bill in body and change which we find necessary for the smooth operation of the regions and I urge its passage.

MR. SPEAKER:

Gentleman from the 94th.

MR. AVCOLLIE:

May it note that I have incentive myself under Rule 18.

MR. SPEAKER:

The Clerk will so note.

Gentleman from the 99th.
