would indicate that many of these bills are meritorious. However, I think it is wrong for us to take up the items without a total budget package being arrived at. I have agreed that we could take these up, that my objection to this particular bill will stand on all the succeeding items, strictly in the interest of the convenience of this assembly, so that we would not have to spend several hours on each individual item with statements and with votes.

MR. SPEAKER:

First, we thank the gentleman of the 165th, it is to the benefit of all the members that when we consider the budget that we have before us the major document and when we consider the tax program, it also is not cluttered by a number of individual bills.

CLERK:

INDEX**

Mr. Lowe: Well, I can say this. That is most instances , in fact - well, in fact I can say in every instance, there is representation of the legal profession on the Commission. The manner on which the lawyers are chosen varies of course, from State to State. In most instances, however, the lawyers are selected by election to serve on the Commission by their brother lawyers and they make themselves available, there ordinarily is a provision in the plan that limits Commission Members from having their names considered for appointments to within one, two or three years after they have served on the Commission and there are other safeguards, of course.

Sen. Jackson: Thank you very much.

Mr. Lowe: Thank you, Sir.

Rep. Carrozzella: Mr. Taylor to be followed by - Tyler, Mr. Tyler, Mr. Tyler, right.

Mr. Tyler: Senator Jackson, Representative Carrozzella, I would like to speak, very briefly, in favor of the Bill in which Representative Carrozzella and Senator Jackson introduced - mainly Bill #5661.....

H.B. #5661 - AN ACT CONCERNING THE APPOINTMENT OF RETIRED CIRCUIT COURT JUDGES AS STATE REFEREES.

.....permitted the Chief Justice to appoint lawyers as referees and the Bill itself makes it impossible to have judges of the Circuit Court appointed referees.

I urge the passage of that Bill because it seems to me something can be done immediately to relieve the very serious backlog that we have got in the civil side of the Court here now. It is exactly similar to what has been done and done successfully in Massachusetts with the appointment of auditors under similar statute. It has been done in California where the same person is conceived and called Commissioner. It has the advantage of something you can do right away. It has the advantage also, of making the arbitrary of cases a temporary thing. It doesn't have to be the permanence that you have with the Judge. When the backlog is over there is little use for the referee and he doesn't have to function at the expense of the State.
