Please do everything you can to assist in the passage of S.B. 1016, AN ACT REGULATING THE PLANTING AND SALE OF RUNNING BAMBOO. Thank you very much.

SENATOR MEYER: Thank you, Louise. Your passion is well-noted. Just before you leave, just see if the members have any questions.

Yes, Representative Sear.

REP. SEAR: I'm sorry. I just have a quick question and it's for my edification and for the committee as well. Is running bamboo the same thing as we call Japanese Knot Weed?

LOUISE FABRYKIEWICZ: No way.

REP. SEAR: No, because we locally have -- in our municipality have -- are taking great efforts to try to control that. Is that a totally different species?

LOUISE FABRYKIEWICZ: Do you want the long answer?

REP. SEAR: No, just a clarification. So it actually is a different --

LOUISE FABRYKIEWICZ: Oh, way different.

REP. SEAR: Okay.

LOUISE FABRYKIEWICZ: Way different.

REP. SEAR: Thank you.

SENATOR MEYER: Okay. Thank you, Louise.

Our next witness is Representative Rose.

REP. ROSE: Good afternoon, Chairman Meyer, Chairman Gentile, honorable members of the

HB 5799

Environment Committee. I'm here today to testify in strong support of H.B. 5799, AN ACT REQUIRING PET BOARDING FACILITIES AND KENNELS TO DISPLAY THEIR LICENSE NUMBERS ON ALL FORMS OF ADVERTISING. The problem that this bill addresses was brought to my attention by several boarding facilities throughout the state of Connecticut and during my investigation of private facilities, which -- i.e., homes, I discovered very disturbing facts.

Licensed boarding facilities in the state of Connecticut, they're licensed through the DCP. They are -- they carry business insurance. They're zoned. They pay state sales tax. They pay all of their business associated expenses and taxes. Many people right now are advertising for pet boarding within their homes. I've included in my testimony on several pages from some of the websites that allow the advertising of home boarding facilities. In reading some of these ads, people are administering medications to people's pets without having any kind of medical background or training.

If my dog is boarded in someone's home and God forbid runs out the door and gets hit by a car or runs away, I have no recourse because these people aren't licensed and don't carry the insurance. The bill proposes that the boarding facilities would provide a license number in all of their advertising. This is very similar to what the contractors do when they go to place an ad in the newspapers. They newspaper cannot allow them to advertise unless they provide their license number. I trust that you'll recognize that this consumer protection bill will provide pet owners in our state some form of protection and I thank you for your consideration.

let's change the bill so it bans all puppies or rabbits or cats, I would say, frankly, I think that's a, that would be a radical departure from what the proposal is. That would be best done next session also.

Let's have a bill raised, and then we can have a public hearing. Everyone is properly noticed so that we can come here, and we'll argue against that approach. But you have our statement, and I've outlined in here the number of ways that PIJAC is recognized for working to make sure that pets that are sold meet standards.

The Federal Animal Welfare Act has a lot of the provisions that are listed in the bill and it actually more so as far as standards that pets, as far as their treatment. And only pets that are sold from breeders that are certified by the Department of Agriculture can come in here in Connecticut. So that would complete my testimony, and I'd be happy to answer any questions.

SENATOR MEYER: Okay. Thank you, Dave.

DAVID BOOMER: Okay.

SENATOR MEYER: All right. Our next witness is under a different bill. It's under the bill that requires kennels to display their license numbers, and we have one witness, and that's Robert Mickolyzck, Mickolyzck.

ROBERT MICKOLYZCK: Thank you, Senator and Commissioners and Environmental Committee for letting us give my speech here. This bill, I'm in favor of this bill, because it's all the Internet companies and businesses --

HB 5799

SENATOR MEYER: Do you want me to (inaudible)?

ROBERT MICKOLYZCK: -- the Rover.com, Care.com, Dogvacay, and people advertising on Craigslist.

SENATOR MEYER: (Inaudible).

ROBERT MICKOLYZCK: They need to be stopped. These companies are located out of the state, and they find people to open up their homes and do home boarding, and then they're paid, the money is all funneled through PayPal to companies in California, and they take a commission and send the homeowners the balance, you know, what, you know, a fee for doing what they do at home.

They don't follow the regulations the boarding kennels follow, daycare, you know, who are all inspected and everything else, and none of these homes are inspected. They're not insured. They're probably not doing it, they're not zoning compliant within town. Somebody gets bit or a dog escapes, they probably don't have insurance to cover it like we all do. They're not licensed by the state.

The state is losing the revenue for the state license, or they're not collecting sales tax, which the state is losing a lot of money on that, you know, or paying workman's comp, business taxes. The boarding kennel industry, they all have standards for vaccinations for rabies, distemper, Bordatella, which is kennel cough. And I don't know if there's people, you know, that if they require this at their homes, and, you know, they're following all that.

You know, I know the state, you know, the Department of Agriculture will probably need extra people to help enforce the, this bill if

it's passed just to follow up on complaints that are, people that are still doing the at-home boarding in non-licensed facilities. And just thanks for listening. That's all I had to say. Are there any questions?

SENATOR MEYER: No, your testimony is helpful and supportive. We appreciate it. Any questions by Members of the Committee? Nope. Thank you, sir.

ROBERT MICKOLYZCK: All right. Thank you.

SENATOR MEYER: Okay. Our next witness is Eric Hammerling. I don't see Eric here.

A VOICE: (Inaudible).

SENATOR MEYER: Claire Cain is stuck in traffic.

A VOICE: (Inaudible).

SENATOR MEYER: Okay. Sandy Breslin, I saw you.

SANDY BRESLIN: (Inaudible) in the interest of time (inaudible).

SENATOR MEYER: Oh.

SANDY BRESLIN: (Inaudible).

SENATOR MEYER: I think the Committee knows your views.

A VOICE: (Inaudible).

SENATOR MEYER: Representative Bowles. I'm sorry.

REP. BOWLES: She should be given a round of applause for taking that step. I certainly appreciate it. Thank you very much.

HB 5799

My name is Dawn Hubeny and I own a dog daycare, boarding, training and grooming facility in Bristol, CT called Camp Canine LLC. I am in favor of this bill.

Any legitimate kennel business would not have a problem providing their license number when advertising.

We need anyone that is providing this type of service to follow the same rules regarding zoning, licensing, and taxes.

Thanks for you time,

Dawn Hubeny

HB 5799

To Whom It May Concern:

I am writing this in request that standards of care with strict oversight be set up for all rescue groups and those housing dogs for purchase or adoption within the state of CT. I am an animal lover and have always adopted rescue dogs. I was under the naive understanding that all rescue groups were created equal, and anyone who adopted out rescue dogs, must be good. In my years of volunteering and in being exposed to this explosive money making industry I have unfortunately found out very differently.

Many (not all) operate under the guise of helping these poor, vulnerable and voiceless souls are really only profit motivated and would do whatever it takes to be sure that their profit margins are realized especially at the expense of these animals.

In general there is no oversight or regulations that guide these facilities, and even if someone become aware or suspects negligence or abuse of any type there is no way to have it formally and judiciously investigated.

Why not have some type of oversight and enforcement of standard regulations amongst all groups who deal with animals? Why not a formal way for those suspecting abuse and neglect to have a governing body with some real "bite" to do something about it?

I am asking you to dig deep into your heart and do something meaningful to institute basic standards of care to help these animals. They cannot help themselves and without appropriate laws and guidelines, we who care deeply and want to help, cannot make meaningful changes or help these animals either. Please put appropriate legislation in place that would create accountability at all levels for these animals. Someone needs to be their voice!

Commissioners

This bill needs to be passed so the internet companies/businesses, (Rover.com, Care.com, Dogvacay.com, and craigslist/pets, to name just a few), can be stopped. Some of these companies are located out of CT and they just find people that are willing to open their homes up to take pets in while the owners are at work or are away for days, weeks, or a month at a time. These internet companies/businesses have no idea of the CT regulations for boarding/daycare/grooming.

So therefore these internet/businesses:

- 1) they are not zoned to do boarding in homes
- 2) they most likely are not insured if somebody gets bit or if a pet escapes
- 3) they are not LICENSED BY THE STATE, which = lost revenue
- 4) they are not COLLECTING SALES TAX on daycare or pet boarding, which = a lot of unclaimed revenue dollars
- 5) they are not paying workman's comp
- 6) they are not paying business tax
- 7) they may not even be following vaccine regulations for boarding/daycare

Also, Ray Conners, at the Department of Agriculture, would need extra employees to help enforce these new policies, which I understand they're already understaffed.

Thanks for listening and I hope this bill "HB 5799" will be passed and enforced, so these internet companies/businesses can be stopped and they will not continue to hurt the Commercial Boarding/Daycare/Grooming businesses that have been in operation for years.

Pet Sitting In My Home (New Britain, CT)

Dawn's Lucky Dogs

I am a huge dog lover. I am a firm believer that kennels stress out dogs that are not used to being in them, and I don't understand the extra charges for walks and bigger cages, and 50% of the time, noone is there from 7 p.m. to 7 a.m.

I will do almost anything you require for your dogs' needs. I am usually home 24/7, and when I do go out, it is only for a couple of hours. Your dog can sleep on my bed, crate or wherever they prefer. I have over an acre fenced-in yard. The dogs can go in and out whenever they like. Inside I have hardwood and tile floors which are easy to clean up (in case of an accident). I do not take paper trained dogs and dogs that are not housetrained. I have a 5-year-old black pug that was a rescue whom gets along well with other dogs and cats.

I have experience with giving dog meds also if needed. I have been in this business about 6yrs and have had dog owners say that their dogs were depressed after coming home from my house. I would ask that you bring your vet's papers of proof of rabies and all vaccinations, plus recent Frontline Plus or equivalent tick & flea protection a must. My goal is for the owner to drop off his/her pet and feel good about it. Then for Pugsley and myself and your pet(s) to have a nice vacation also! You would have no worries if you leave your pet with me. Your dog would be very lucky to stay here!

Shelby's House - A Canine Camp (Newington, CT)

Indian Hill Road at Robbins Street

Do you have a trip planned but aren't sure where to leave your dog? This is a great alternative to a traditional kennel, offering dog boarding in our home. My home is clean & safe with a large fenced-in yard. Our family members include a senior Lab named Shelby and a 1 year old Shih Tzu pup named Hank. I also have 2 children - a 9 y/o son and a 3 y/o daughter with my husband. Both of my children are very comfortable around dogs as long as the dog is child-friendly. We, as a family, try to ensure that your best friend leaves here wanting to come back. Because we only host one family at a time, we can tailor our home to your dog's needs. Does your dog like to play & go for walks or does he like to lounge in the sun? Fetch obsessed or prefers a nice bone? We try to make the stay as familiar & comfortable as we can. I am here full-time and do not leave to go to a job. I am also fully insured, pet first-aid certified & a member of the National Association of Professional Pet Sitters. Letters of recommendation available upon request. For more information, please visit us at www.shelbyshouse-acaninecamp.com or "like" us on Facebook - www.facebook.com/ShelbysHouseACanineCamp. Please feel free to schedule a meet & greet if you think this may be a good fit for your dog!

State of Connecticut
HOUSE OF REPRESENTATIVES
STATE CAPITOL
HARTFORD, CONNECTICUT 06106-1591

Representative Kim Rose
Assistant Majority Whip
118th Assembly District
Milford

Legislative Office Building

Testimony
Representative Kim Rose
HB 5799
118th District, Milford
March 15, 2013

Chairman Meyer, Chairman Gentile, and honorable members of the Environment Committee, I am here to testify in strong support of HB 5799, An Act Requiring Pet Boarding Facilities and Kennels to Display their License Number on All Forms of Advertising.

This problem that HB 5799 addresses was brought to my attention by numerous licensed boarding facilities throughout Connecticut. I have investigated several "private" facilities in my district and discovered some disturbing facts.

Licensed boarding facilities in Connecticut are regulated and must adhere to local zoning regulations. This regulation also requires that these boarding facilities pay a licensing fee, sales tax on boarding, and all business related costs, including any insurance.

Attached to my testimony I have included several pages from websites that allow advertising for home boarding facilities. I found that these facilities do not pay for any insurance. This means that if I board my pet in someone's private home and my dog bites a guest or family member, I would be held responsible. Additionally, if my pet escaped from the boarding facility and was to either get hit by a car or run away, for example, there is no protection for me as a consumer due to the boarding facilities lack of insurance.

This bill proposes that all animal boarding facilities must provide a license number in their advertising. This is similar to the advertising regulations that contractors must follow. The media refuses to accept advertising from a contractor who does not include their registration number in their advertisement

I trust that you will recognize the consumer protection that this bill provides to pet owners in our state and thank you for your consideration.

There's Plenty of Room For Everyone!
Wallingford, CT 06492

Description:

We welcome your loved ones into our home to spend time with us!

About Randi T.:

Hi! My name is Randi & I am an extreme animal lover! I was raised from a young age around more animals than I can name..... goats, geese, ducks, chickens, rabbits, turkeys, peacocks, dogs, cats, turtles, etc. Hence, I have been an animal lover all my life. Most recently, I saved, raised, rehabilitated and released two baby birds that hatched out in my dryer vent. I grew very attached to them and now can say I totally understand "Empty Nest Syndrome"! :) In the last 6 months, I have also participated in Search & Rescue missions for lost pets using a fully trained canine.

Currently I have a small 4 year old Morkie (Maltese/Yorkie mix) named Peanut. I also have a long hair teddy bear hamster and two cats. I am available for many forms of pet care...

walking/playtime, feeding, bathing, administering of medication and in certain circumstances overnight stays at your place or mine. My availability is very open and I am always willing to work with you! I look forward to hopefully having the chance to meet and spend time with your precious pets!

How long have you been a dog lover? Tell us about your history with dogs.

I have been a dog lover & animal lover for as long as I can remember. I grew up on a mini farm & had quite an assortment of animals right in my backyard. We always had dogs, our most beloved in my lifetime being Winston, our shitzu, who lived to be 15. After Winny passed, we got a Newfoundland, Tank. He was a gentle giant. Later on in life, my sister took on two English Pointer puppies, Jake & Gracie, who I also lived with until I moved out. I am now living with & caring for threedogs, Peanut (Morkie), Champ (Boxer) & Trigger (Black Lab). It really is amazing to come home & have such excitement for your arrival. That's a feeling like no other! What would you like to know about a dog before sitting him or her? Do you have any breed preferences?

I have no preferences of dog breed. I love them all! The only thing that would make me uncomfortable is caring for a "mean" dog that has bitten in the past. I would also prefer that the dog be a kid lover, as I do have a 5 year old son. As far as information I would want to know, it's important to me that the dog is up to date on his/her rabies vaccination. I would also want to know about medications or allergies, food preferences, favorite toys, etc....all of the little things that make your dog unique & happy.

Do you have reliable transportation in the event of an emergency?

Yes, I own a car.

Are you comfortable administering medication?

I have had to give my dog medications in the past & have no problem administering medications to other dogs.

I will treat your dog as well as I treat my own!

Description:

I am a high school student that is willing to watch your canine friend. I do have experience because I have a four year Scottish Terrier named Toto and he is very friendly. I can not watch your dogs for more than three nights at my house, but I am willing to watch your dogs at your house for as long as your away. I am also willing to walk dogs as long as your in the New Haven county area. I do go to school though from 7:00 am to 2:00 pm. Your dog has to get along with other dogs if he is staying at my house. Thank you for viewing my profile.

About Keighley C.:

I am a high school student in the New Haven County area that loves animals. I have a four year old Scottish Terrier named Toto and he is a friendly dog. I attend high school from 7:00 am to 2:00 pm. I am a straight A student which proves how responsible and trustworthy I am. I also babysit children starting at age 5 to age 11, and I also watch children with special needs.

How long have you been a dog lover? Tell us about your history with dogs.

I have been a dog lover ever since I was a toddler. I fell in love with my uncle's dog Kato and he was a Rottweiler. My grandparents had a mutt dog named Amber and she was such a sweet dog. My aunt had a few dogs, a beagle, a basset hound, an american bulldog, a mutt and a black retriever. Now I have a Scottish Terrier who I love so dearly.

What would you like to know about a dog before sitting him or her? Do you have any breed preferences?

I would like to know how old the dog is and if there are any health issues related with him/her. I do not have any breed preferences as long as they are nice and friendly.

Do you have reliable transportation in the event of an emergency?

In an event of an emergency, I have family members that are willing to provide transportation because I do not have my license.

Are you comfortable administering medication?

I am comfortable with administering medication because I have had experience with my own dog as well as cats.

How much time do you plan on spending with my dog each day?

I do go to school from 7:00 am to 2:00 pm. I also have homework at night which takes about an hour after school. Other than that I will play with and walk your dog with whatever free time I get!

Where will my dog sleep?

I will provide a blanket on the floor in the downstairs next to my dog's crate.

Where will you take my dog on walks? Tell me about it.

I will take your dog around the block when I take my dog. It takes about 10 minutes which is a long enough walk for three times a day.

Representative Shaban of the 135th.

REP. SHABAN (135th):

Thank you, Madam Speaker.

I rise in support of the bill. It's a basic
garden variety consumer protection bill that's
reflected in different parts of our statutes where a
lot of our license activity and our license holders.
It's common that we require folks with their state
license to show that license number on the any
advertising or -- or publications just for the sake of
consumer protection.

So I urge a passage of the bill. I think
obviously the amendment is a good one to give
everybody a little to get caught up, so I urge
adoption.

Good afternoon and thank you, Madam Chair.

I'm going to vote yes for this bill and I urge all of my colleagues to do so. I voted yes for it coming out of Environment and for the same reasons as Representative Shaban just that it's good consumer protection and it's common sense legislation. This one really, really is an easy one because we already do this type of advertising posting when -- for instance, we're dealing with home improvement contractors and landscapers and the like, so this just makes good sense and I urge all my colleagues to vote for this bill.

Thank you.

THE CHAIR:

Senator Meyer, good afternoon, sir.

SENATOR MEYER:

Thank you, Madam President, good afternoon to you.

I move acceptance of the Committee's Joint and Favorable Report and move passage of this bill as amended by the House.

THE CHAIR:

Motion is on passage. Will you remark, sir?

SENATOR MEYER:

Yes briefly, Madam President.

Right now Connecticut law requires that any commercial kennel have a license from the Department of Agriculture. We have received a number of complaints in the last year or two that there are unlicensed kennels advertising in the newspaper and over the internet which kennels do not have any good standards. There's been abuse of animals there, complaints by people.

Those complaints have been received by the Department of Agriculture and by the Environment Committee and, as a result, what this bill simply does is it requires that any person who maintains and advertises a commercial kennel must include the license number of that license in any advertisement and that will ensure the integrity of the -- of the kennel and the boarding.

That's the bill.

THE CHAIR:

Will you remark further? Senator Chapin.

SENATOR CHAPIN:

Thank you, Madam President.

Madam President, I also rise in support of the bill. It is as the gentleman described it. It's also very similar for what we do for -- for many of the various trades we have in the State of Connecticut and I encourage my colleagues to support it.

Thank you, Madam President.

THE CHAIR:

Thank you.
